OUR TEAM

Founded in 2003, CTI Living began with a single manufacturing facility in Nanjing, China, producing high-quality plastic pots for the North American market. Today, we've grown into a global manufacturing and distribution network with domestic production facilities in Erie, Pennsylvania and Montreal, Quebec, along with warehouses across Canada and the United States.

By combining global manufacturing with local production, design, and distribution, we deliver reliable supply, faster service, and strong partnerships to growers and retailers across North America.

OUR FOUNDATION

BUILT TO GROW

THROUGH PARTNERSHIP, INNOVATION & PURPOSE.

For more than two decades, CTI Living has combined global manufacturing expertise, thoughtful design, and sustainable innovation to create solutions that support growers, retailers, and evolving consumer lifestyles.

GLOBAL REACH, THOUGHTFUL DESIGN,
RESPONSIBLE GROWTH.

GLOBALIZATION IN ACTION

Founded in 2003, CTI Living has grown from a single facility in Nanjing, China into a global manufacturing and distribution network, with headquarters in Toronto, production facilities in Erie and Montreal, and warehouses across North America.

INNOVATION BY DESIGN

For over two decades, CTI Living has transformed plastic containers through innovative design, creating stylish, functional solutions inspired by the latest trends in shape, texture, and color.

SUSTAINABILITY FOR THE FUTURE

As a leader in plastic container manufacturing, CTI Living is committed to sustainable solutions, including recycled ocean-bound and post-consumer plastics, with a goal of transitioning all products to recycled materials by 2028.

COLLABORATION THAT CONNECTS

Collaboration drives everything we do, bringing together creativity, accountability, and partnership to build stronger solutions for our industry.

WHAT ARE VOCs?

Volatile Organic Compounds (VOCs) are chemicals that can be released from paints and coatings. VOC regulations help protect people and the environment.

SGS VERIFIED

Our acrylic coating has successfully passed VOC compliance testing conducted by SGS.

BETTER FOR THE ENVIRONMENT

Compliance with VOC regulations supports significantly lower emissions and contributes to a healthier indoor and outdoor environment.

COMMITTED TO SUSTAINABILITY

We are dedicated to responsible sourcing, safer products, and continuous improvement for a more sustainable future.

VOC COMPLIANT

MEETING INDUSTRY STANDARDS WHILE SUPPORTING A MORE SUSTAINABLE FUTURE.

Our painted finishes has successfully passed VOC compliance testing conducted by SGS, confirming it meets applicable regulatory standards.

This certification provides confidence that our finishes are compliant, safe for use, and aligned with our ongoing commitment to sustainability.

CERTIFIED VOC COMPLIANT

Our acrylic coating meets applicable VOC regulations and supports responsible manufacturing for a healthier tomorrow.

OUR COMMITMENT

SUSTAINABILITY

MADE WITH RECYCLED MATERIALS.

Many CTI Living products are made from post-consumer recycled (PCR) plastics, giving bottles, containers, and packaging a second life.

COMMITTED TO PROGRESS

We're continually increasing our use of recycled materials to help reduce waste and create durable, professional-grade products.

GRS CERTIFIED

Our Global Recycled Standard (GRS) certification provides verified transparency and traceability, ensuring the recycled content in our products meets recognized industry standards.

QUBI

COLLECTION

BETTER PRICE.

A lower price point without compromising performance or function.

BETTER FIT.

Optimized for efficient production, storage, shipping, and retail display.

BETTER CHOICE.

Our patented pot design fits more pots per tray and more trays per skid, helping reduce freight costs and maximize profitability.

BETTER BRANDING.

Production-ready flat surfaces make adding your branding simple and efficient.

The Qubi Pot™ collection delivers smarter space utilization, helping improve efficiency from greenhouse to retail.
